

State Produces New Witness In Dennery Case Springing Surprise On The Defendants

Testimony of Walter Swales Proves
Damaging to Dennery---Swales Not
Called In Other Tramp Cases

TRAMP STACY ALSO DAMAGES DEFENSE

The examination of Tom Shade, star witness for the commonwealth in the Dennery murder trial, was concluded shortly after the noon recess yesterday afternoon and he was succeeded on the stand by P. J. Kelly, who was in the rear room of the shack some ten feet distant from the principals when John Rowles was murdered.

Kelly as a witness is almost as important to the commonwealth as Shade, he being the man from whom Shade's money was taken when the murder and robbery occurred. Kelly's testimony is needed to corroborate Shade in part. In Shade's story it will be remembered that he said Rowles came to the shanty the morning of the tragedy in company with Dennery and that Shade requested Rowles to go and get a keg of beer and directed him to get the money from his pocketbook in the bookcase. The pocketbook at that time contained \$30, all of which Rowles took. Kelly later discovered that all the money was gone and when Rowles and Dennery returned with the beer he asked for and Rowles gave him the money, less the price of the keg. He said he placed the money in the watch pocket in his trousers in the presence of Dennery and then stated that following the shooting in the front room the man who did the shooting and whom he identified as the "Big Swede" poked his head into the room and said to Allen, who had him in the corner at the point of a gun, "Frisk the fellow with the cap on, and look in his watch for the coin" or words to that effect.

Mr. Liveright on cross examination went after Kelly pretty hard and mixed him up more or less, pointing out to the witness discrepancies in his testimony now and that given at the coroner's inquest. He forced Kelly to admit that while he believed the man who poked his head in the door to be Dennery, he might have been mistaken.

Mike Brawley, who was in the room with Kelly, was the next witness. He admitted that Shade was drinking and he was not able to identify anybody positively.

Mrs. Ed Shade, whose home adjoined the shanty, was the next witness. She told of seeing three men come to the shanty, open the door and look in some time before the crime and of them returning later. She also saw them running away after the shot was fired.

W. J. Leavy was called and told of having received the police call from Kelly following the tragedy. He got Officer Eadie to the phone and he received the message. Leavy was called for the purpose of fixing the time, which he said was about 7 o'clock.

Officer Eadie was then called and told his story of the affair from the time he went to the shanty in answer to Kelly's call and found the dead man. He said he found Shade on the bed and while he saw that he had been drinking he appeared to be all right and was able to give him the

facts concerning the killing and also told him the crime had been committed by the "Big Swede."

At this point court adjourned for the day. When court convened this morning the first witness was Chief of Police McHenry who was recalled and again testified to the time of the telephone call announcing the occurrence of the crime, search for the murderer immediately thereafter, especially the trip through the Harbison-Walker brick yards. This testimony was again introduced to plug up some holes in the line made by the cross examination of the defense. Special officer, W. J. Leavy was called and gave similar testimony.

The next witness was Walter Swales, night foreman at the Harbison-Walker brick yards. His testimony was a hard blow to the defense and was as unexpected as it was damaging.

Swales testified that he had known Rowles for five years; that he had worked for him as an off-bearer at the yards. He said he also knew Dennery, the "Big Swede" whom he first saw at the yard about January 1st. Rowles introduced Dennery to him as his brother and tried to get him a job, but that he did not hire him. He said Rowles drew \$39 on pay day, January 25, and the following Saturday told the witness that Dennery had slept with him that night and "rolled him" for the money, and had also got a part of his money the previous pay day. The testimony corroborated Tom Shade's story regarding what Rowles had told him and served to strengthen Shade's testimony. Swales said he saw Dennery at the brick yard the night of the killing and located him there about 6:30 o'clock.

On cross examination Mr. Liveright attacked Swales' story about the amount of money Rowles received on the 25th and asked him if he did not know that Rowles' pay on that day was not anything like \$39, but that his wages had been attached for board and he did not have enough coming to pay his board bill. The witness said he was not aware of that fact.

George Stacy, one of the hoboes who was at the hobo camp when the plot to rob Shade's shanty was hatched and who left town with the "Big Swede" immediately following the shooting, was then called. He repeated the story regarding the frame up at the camp and told how Dennery came to the camp about 6:30 and calling Allen and Wilson away talked over the plan to rob the shanty in his hearing, and then all three left the camp to carry out the design already arranged. He had reached this point in his story when the attorneys for the defense asked to have Allen and Wilson brought into court to hear Stacy's testimony for the purpose of contradiction and the court ordered a recess of ten minutes until Keepers King and O'Shell and Deputy Sheriff

CARRANZISTAS IN BATTLE WITH VILLA'S ARMY

Reports Say It is Bloodiest
Engagement Since Start of
the Mexican Hostilities

VILLA REMAINS UNHARMED

El Paso, Sept. 29.—(By United Press)—Carranza soldiers are engaged in attacking the forces of Villa at Pansirapa 50 miles west of Chihuahua City in one of the bloodiest battles since the beginning of the Mexican revolution. According to reports from Carranza leaders to Juarez they indicate that Villa is making sweeping gains with a loss of about 100 men. Representatives from the population at the mining towns through messages state that Villa has taken the town engaging in a fierce battle in which part of the garrison was overcome. Villa himself has not been attacked. Carranza, however, has lost heavily in guns and men.

That Pancho Villa had given serious defeat to the Carranza forces and was still in possession of Pansirapa last night was the report received by agencies at the United States war office here today. Another advice states that the American manager of the mines in Mexico is on his way to Juarez on a gasoline velocipede.

Washington, Sept. 29.—The bodies of thirty Mexican soldiers under the command of Col. Rezel, a Carranza officer was found within two miles of Chihuahua by a detachment of the Eighth Cavalry, General Funston reported to the war department today. Mexicans under General Rezel who were fighting Villista forces left so hurriedly that they left a burro and 10 cans of carbine behind and were taken by the colored troops who were in the Carrizal battle.

MRS. MAPES ENTERTAINS

About twenty-five friends of Mrs. M. V. Mapes jinnayed out to the beautiful Mapes farm on Clover Hill yesterday afternoon and held a corn roast. A delightful afternoon and evening was spent after partaking of the excellent repast. The ladies returned to their homes at twilight voting Mrs. Mapes an excellent hostess.

NOMINATED FOR LEGISLATURE

Harrisburg, Sept. 29.—(By United Press)—M. S. Jack, of Appollo and Sam S. Blyholder of Bethel township were today nominated to the legislature from Armstrong county by the local option party.

Chaplin could get the men from jail to the court room.

At the afternoon session of court when Allen and Wilson, the two convicts, were seated in the court room facing Stacy on the witness stand they paid the most careful attention to every word that dropped from the witness' lips. Several times during the cross examination by Mr. Liveright, Wilson, who is said by the attorneys who defended the two men, to be the brains of the entire outfit of hoboes, leaned over to Allen and discussed quietly with him some point which struck him as the tale was unfolded. In every case Allen shook his head in agreement with what Wilson had said to him.

Stacy told of the conversation between Allen, Wilson and Dennery in which they discussed the matter of going up to the shanty and getting the money. Wilson saying it was as easy to get as blowing their breath on them. He said this conversation occurred at dinner time, but at Allen's suggestion they decided to wait till evening. He said the three men left the camp at about a quarter to 6 o'clock.

Mr. Liveright was putting Stacy through a severe cross examination as the Progress went to press.

Negro Highwaymen Busy at Pittsburgh

Holding up Foreigners who Come
There for Employment

Pittsburgh, Sept. 29.—(By United Press)—Negro highwaymen operating in the vicinity of the Bessemer station on the Baltimore & Ohio railway early today attacked John Kovosky and Carl Kolosky. Kovosky was shot to death when he refused to hand over his money and valuables. Kolosky at once notified the North Braddock police. Kovosky and Kolosky came here on an evening train last night from a town in Virginia to work in the steel mills here. They had alighted from the train and had started to seek lodging when the negroes with drawn revolvers stopped them.

Allege Man Murdered Wife and Fired House

Body Found With Rope Tied Around
Neck After the Fire

Mountainview, N. H., Sept. 29.—(By United Press)—Fred L. Small formerly of Boston was arrested today and is being held in connection with the murder of his wife and of setting fire to his summer residence here. His home which is on the shores of the Ossepee was burned to the ground at 11:00 last night. Mrs. Small's body was found with a rope tied tightly around her neck. It was found partially covered with water in the basement to where it had fallen when the upper floor had given away. It is believed that Small set fire to the house to cover the crime. He was arrested when he alighted from a train coming from Boston today. He was seen alighting from a train from Boston late last night and shortly after his home was on fire.

W. C. Goss Injured By Stepping On Nail

Working on Hunting Camp When He
Met With Injury

W. C. Goss who was superintending the repairs being made at the Pitch Pine camp had the misfortune to tramp on a nail day before yesterday. The nail pierced the sole of his shoe and penetrated the foot to a depth that it required considerable force to remove it.

First aid treatment was given the injury but an infection set in and Mr. Goss was compelled to come to town yesterday for medical treatment, and is housed up with a very sore foot.

SOUTHERN FOOTBALL TO BEGIN

Richmond, Va., Sept. 29.—Southern football history for 1916 will begin tomorrow with nearly all of the prominent college elevens in the field for points and valuable experience. While most of the scheduled contests are of a minor character there are possibilities, nevertheless, of some early season thrills. Vanderbilt will have a tryout with the Southwestern Presbyterian university at Nashville, North Carolina will take on Wake Forest at Chapel Hill, Washington and Lee and Randolph-Macon will come together at Lexington, Alabama will meet Birmingham college at Tusculum, and the North Carolina Aggies will play Roanoke college at Raleigh. More in the nature of practice contests will be the games between Kentucky State and Butler at Lexington, Sewanee, and the Morgan school at Knoxville, and Furman and Clemson at Clemson.

REPRESENTATIVE OF THE C. M. & ST. P. RY. IN TOWN

Bob Fleming of Pittsburgh, representing the passenger department of the old reliable Chicago, Milwaukee & St. Paul railway, was the guest of his friend Councilman James F. Fletcher while in town on business for his company yesterday.

Mr. Fleming is an assistant to old ack Patt, who has represented the Chicago, Milwaukee & St. Paul in this section longer than the memory of the oldest inhabitant runneth, and when asked by friends what had become of the genial old rascal Bob replied that having in mind that old saw about the pitcher going to the well too often, and recognizing that Pratt was bicarbonate also, and might get broke in Clearfield, they were keeping him out of this territory and making the young husky recruits do the lying about the superior advantages of the passenger service on the C. M. & St. P. His explanation went down alright but its dollars to doughnuts the old fellow will be out this way ere long, just to demonstrate that there are exceptions to every rule.

Finds Blacksnake Back Of Kitchen Stove

West Front Street Woman has Ter-
rifying Experience

When Mrs. Charles Gardner, of West Front street came down stairs Wednesday morning to light a fire she was astounded to find a four and one half foot black snake lying back of the coal basket. The snake lazily crawled from behind the bucket and in its wanderings appeared to be following Mrs. Gardner around the room. Going to the cellar Mrs. Gardner procured a hoe and with it killed the reptile which had in some unaccountable manner gotten within the confines of the home.

Many Out of Town People Attend Delightful Opera Last Night

"Princess Pat" Makes Great Hit with Clearfield Devotees of Light Musical Comedy.

Music lovers of Clearfield were treated with a real treat in "Princess Pat" which played to a full house last night at the Opera House. An enthusiastic audience greeted the first entrance on the stage and as the performance progressed the applause grew stronger. There were no great outstanding features as are usual in a large chorus with their lightning change of costume and no vaudeville acts to attract from the captivating plot and delicious humor of the lines. The chorus could not be said to be the least of the delightful humor of "Princess Pat". Barrow, Schmaltz and Si Perkins was exhilarating. "Toto" was the ideal impulsive Neapolitan and measured up to the role in every respect. Edna Boyd as Grace, had brook cast a spell over the audience with her dainty charm while the gentleman who played General Holbrook an air of dignity that formed the keystone of a wonderful combination of players.

An exceptionally large number of out of town people from Curranville, Woodland, Phillipsburg, Houtstown and other towns were in attendance. Several other good comedies will be booked for Clearfield and judging from the attendance at "The Princess Pat" the early bird will be the one who will get the tickets for future performances.

CARRANZA IMPATIENT.

"General" Carranza has grown decidedly impatient at the waste of time which is going on at New London. With considerable reluctance he consented to a conference and then instructed his delegates to discuss nothing but the withdrawal of American troops from Mexican territory, at least until an agreement on that point has been reached. Weeks have passed and no agreement on that point has been reached, and Carranza is strongly disposed to terminate the conference. In an effort to avert this, from a Democratic standpoint, disaster, Eliseo Arredondo, "Ambassador designate" has gone home to talk to the First Chief, having induced Carranza to "recall" him for that purpose. Some of those who have been in close touch with the New London conference maintain that it is rapidly approaching dissolution. The conference is, by the way, to transfer the scene of its labors to Atlantic City as it is believed the great seaside resort will afford more opportunities pleasantly to kill time, and as the United States pays all expenses there is no objection to the move.

JUST FOOLISHNESS.

Once more the anonymous letter writer is busy. This time the letter is so ridiculous that we hate to waste time printing it but the writer implies that we are afraid to print the missive so here goes. We will run from bears and we might take to an alley if someone bigger than ourselves looks dangerous but we fail to see any thing dangerous in this, it is simply foolishness.

Think of it, this man, once a staunch Republican, a believer in the principles of the immortal Lincoln becoming so warped in mind that he forms an opinion against Hughes on account of his personal appearance. Why if women voted and this back slider Republican was a suffragette there would be some way to account for the loss of this Hughes vote but the idea of a full grown man resorting to a man's personal appearance when principles and issues are at stake is more than we can understand.

Since the writer implies that we are afraid to print his letter it naturally follows that there is a little of the Wilson Waltz motion to the writer for he simply signs his letter "An Enemy." Glad he did it in this case for we believe in surpressing names when the printing of them would bring ridicule to the writer.

THE LETTER.

Why do you assail President Wilson in your paper? Of course as a one horse Republican paper it should stick up for that monkey faced Hughes. He is the best of a monkey I have ever seen. I am a Republican but am not for Hughes. Hoping you are not afraid to print this in your paper, I am,
Unsincerely yours,
An Enemy.

Today's Geographic Study of The Great European War Zone

Just above the Hungarian town of Orsova, recently captured by the Roumanians, is the scenically magnificent Kazan Defile of the Danube, described in the following war geography bulletin issued by the National Geographic society:

"Until the Hungarian government, at the instigation of Count Stephen Szechenyi, constructed the famous Szechenyi road in 1894-98, the Kazan Defile of the Danube had been impassable on either bank of the river for all the centuries which stretched between the destruction of Trajan's remarkable roadway, built in 103 A. D., and modern times.

"At Semlin, a few miles above Belgrade, the Danube is more than 1,700 yards wide, with a depth of 40 feet, but at the Kazan Defile its waters are restricted to a width of less than 180 yards, and have a depth in some places of 230 feet. The rapids of the river begin a short distance above the defile and rush over six great ledges of rock.

"Trajan's road, which extended from Orsova to Golubac, might well have been rated one of the lesser wonders of the ancient world. Traces of the military path, from five to seven feet wide built just above the high water level, are still to be seen on the right or Serbian bank of the river. At points where the Roman engineers encountered the seemingly insuperable obstacle of perpendicular walls of rock, which could not be pierced as blasting powder was unknown, there are visible the holes

bored in the stone from which projected the wooden beams that supported the covered galleries hanging to the face of the cliffs. At the end of the defile the time-worn rocks still bear the famous 'Tabula Trajana' now hardly legible. The inscription is supposed to commemorate Trajan's first campaign against the Dacians.

"On the left or Hungarian bank of the river, high above the Szechenyi road, is a narrow hole in the face of the Sularu mountain, pointed out to tourists as the entrance to Veteran's Cavern, which derives its name from the Leonidas-like Austrian general who with 400 soldiers held at bay a vastly superior Turkish force for three months in 1692. Twenty-six years later it was again held by the Austrians under a Major Stein. The cavern is sufficiently large to garrison 600 men, and there are evidences that it was used during the Roman occupation of this region.

"Scenically the Kazan Defile suggests some of the wildest and most impressive gorges to be found in the Canadian Rockies. Bare rocks from time to time rise suddenly from deep water, while on both sides there is a succession of precipitous hills, some free of vegetation and others clad with forests of beech, walnut and oak. Through this narrow gorge have flowed back and forth for hundreds of years the tides of Christian and Mohammedan civilization. For ages it has been one of the great channels of communication between the west and the east."

IF BACKACHEY OR KIDNEYS BOTHER

Eat Less Meat Also take Glass of Salts Before Eating Breakfast

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jod Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with bicarb. and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it is no longer a source of irritation, thus ending bladder weakness.

Jod Salts is inexpensive, cannot injure; makes a delicious effervescent lime-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jod Salts to folks who believe in over-caring kidney trouble while it is only trouble.

G. O. P. BATTLING FOR NEW JERSEY

Trenton, N. J., Sept. 28.—The appearance of Charles E. Hughes as a speaker at the Interstate fair here today marks the beginning of a hard fight planned by the Republicans to capture the home State of President Wilson. The Republican leaders are claiming New Jersey for Hughes, but they are going to give divided attention to the State as a battleground, nevertheless. Mr. Hughes will speak in Newark, probably on October 9, and will pay a third visit to the State in the last week of the campaign. In addition to the head of the national ticket some of the former campaigners in the Republican ranks will be sent here as the campaign progresses.

GRANITE STATE REPUBLICANS

Concord, N. H., Sept. 28.—A State convention of New Hampshire Republicans assembled here today to adopt a platform and otherwise prepare for the coming campaign and to listen to addresses by several national party leaders from across the State. The convention was called to order shortly before noon by John H. Bartlett of Portsmouth.

SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician.

If you get headache, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furrowed tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes all denote liver uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones.

Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of Limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Limestone phosphate does not restrict the diet like calomel, because it can not salivate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver keeping you feeling fit day in and day out.

OFFICERS MAKE THINGS WARM FOR SLACKERS

London, Sept. 29. — (By United Press)—He's a slippery slacker who escapes the army since the police and military authorities began raiding the movies, night clubs and amusement parks for eligible citizens. Over 300 fight fans paved the air at the ring, a leading swat parlor, when the place was raided for army material. An hour later a good number of them were in khaki. Included in the surprise draft were a half a dozen preliminary boys and a couple of semi-windups fighters who'll have a chance to try their jobs on the Germans this winter.

The ticket lines at the movie houses are the delight of the conscription agents. Every show has its line of patrons waiting for tickets because with the big "iron" pennies it takes a good ticket chopper about two minutes to sell an admission. CURWENSVILLE NEWS

Messrs. J. Murphy and W. S. Wolf went over to DuBois yesterday and took in the races.

Squire J. A. Dale up to the present date has issued more than forty hunting licenses, and the end is not yet.

A children's party was held at the home of Mr. and Mrs. H. B. Kirk yesterday afternoon, given for their two little sons.

Mrs. William Taylor, wife of Conductor Taylor, went to Lewistown yesterday. She will be absent several days.

It has leaked out through friends of the couple that Miss Alice Gates and Richard Hascomb will be married on October 12th.

Mrs. Alfred Bigler, a former resident of this place for many years, now of Clearfield, was a Curwensville visitor yesterday.

Mrs. H. P. Kirk will entertain a number of her friends at her handsome home, corner Main and Pine streets, this evening.

Mrs. Ed. McKinley and lady, Mr. Orville King, and Miss Olive King went to Clearfield last evening to attend the Entertainment.

Mr. and Mrs. Abe Robinson, and date has issued more than forty hunting licenses this week attending the Jewish New Year Services.

Several Curwensville ladies attended a picnic at the farm of Lewis Bailey, in Pike Township, yesterday. It was a sort of harvest home gathering.

Mrs. Elizabeth Helmbold, who has been spending several months with relatives in town, left yesterday with her two children, for her Pittsburgh home.

The members of the Epworth League and Queen Esther's will hold an entertainment and social in the basement parlors of the M. E. church tonight.

The Central hotel posted a large new sign on the building facing Filbert street north. It bears but two words, "Central Hotel," and is a tasty piece of lettering.

Miss Alice Wise, a daughter of William Wise, who spent the week in DuBois with relatives and acquaintances, returned to her home today, highly pleased with her visit.

Mr. Merritt Caldwell will move from his farm home on Monday to his new home on South Walnut street, and from that time on will be an established citizen of Curwensville.

Miss Wava McNaul, oldest daughter of Mr. and Mrs. A. I. McNaul, left yesterday for Mechanicsburg, Pa., where she will be the house guest of friends for a week, or maybe longer.

Mr. Raymond Young will open a barber shop in one of the rooms of the Sweeney block this afternoon. He is a good and competent tradesman and will no doubt make a success out of the venture.

Miss Ruth Forney, of Newark, O., arrived in Curwensville last evening and will be the guest, for a week, of Miss Attie Caldwell, at the farm home of her parents, Mr. and Mrs. Merritt Caldwell.

Mr. T. B. Cassidy, head fireman at the finishing tannery, is off duty and will take his annual vacation, spending a part of it in Indiana county, where he expects to purchase and bring home with him a valuable bear dog.

The hearts of many youngsters were made glad last evening when they were told they were allowed to enter the moving picture show, after being subject to the infantile paralysis quarantine for almost two months. They sure enjoyed the entertainment.

Is there anything being done toward that "Community Centre"? There has been considerable talk about it, but has there been an actual start made in that direction. Now it the accepted time. Get busy and no doubt all the help necessary to run it will be forthcoming.

Mr. W. B. Ammerman is now the proud possessor of a fine Overland touring car, he having purchased the same from Mr. Warren Kephart, who won it in a recent Progress contest.

Mr. Ammerman is a foreman in the finishing tannery, and from now until the snow flies can amuse himself by pleasure riding to heart's content.

The Sweeney military opening on Tuesday and Wednesday evenings was one of the big events that has

come off in this town for a long time. The large storeroom was jammed with ladies from start to finish, and the stylish headgear on display beat all creation. The men folks gave the place a wide berth, and most of them had important business at the other end of town, knowing full well that the minute they reached home they would be informed as to styles and prices.

Now that Scoutmaster Parkhill is home again the Boy Scouts will be asked to again take up their course of instruction. It is getting a little too cold for much out-door work, but there is much scout work that can be learned and made useful by in-door study and application. A meeting will be held next Tuesday evening at which time no doubt a general winter program will be drafted out. Mr. Parkhill has a great love for all boys, and is interested in seeing them grow up into good and useful men.

Illini Tribe N. 362, I. O. R. M., at a regular meeting held on Wednesday evening, elected the following officers for the ensuing term: Sachem, William Freidline; Senior Sagamore, Fred Leech; Junior Sagamore, Joseph Vesco; Prophet, Floyd D. Barger; C. of W., Joseph T. Bunnell; Trustee, H. T. Smith. The Installation ceremony, of Raising of the Chiefs as it is called in tribe parlance, will take place on Wednesday evening, October 4th, after which refreshments will be served to all Indians who may be present. After the feast a general pow-wow will be held.

Two men presumed to be Mormon preachers, are travelling through this section holding meetings and trying to instruct the people in a new faith. At Pine Grove, we are informed, they met with considerable success and secured a number of followers. If they are of Mormon proclivity and trying to wean people away from the true faith, we say the quicker they are driven out of the community the better it will be for all concerned, but, on the other hand, if they represent the true apostle of Jesus Christ and are trying to do the people good, then we say encourage them in their work all you can.

LONDON ELECTS NEW LORD MAYOR

London, Sept. 29.—Having served for twenty-five years as an alderman, and filled the office of sheriff for one term, Sir William Henry Dunn was to day chosen Lord Mayor of London at the solemn and century-old ceremonies conducted by the Livery Companies of the City of London, convened for the purpose in Common Hall at Guildhall. Sir William will succeed Sir Charles Wakefield, whose term will expire on November 9.

The new Lord Mayor is a man of great wealth and a wide reputation in philanthropic work. He has taken active interest in the problems of the war and besides serving as treasurer of the committee for the relief of Belgian prisoners of war in Germany is an honorary colonel of the First London division transport and supply columns, as well as honorary colonel of the corps of citizens. In 1910 he was elected to parliament. He will be the third Roman Catholic Lord Mayor of London in recent years.

IT IS A SAD, SAD STORY BUT MOVIES ARE NOT TABOO

The melancholy day has come; Small boys are full of woe. No more, they find, the schools are closed, Because of polio.

Harrisburg, Sept. 29.—Today ends vacation. If not today, at any rate next Monday. And that's about as bad as today.

September 29 was the day fixed by State Commissioner of Health Samuel Dixon before which schools might not open. Individual school districts are doing as they will. Some open today in order to "gain a day."

No comprehensive data is available at the State Department of Public Instruction but state officials believe that the majority of schools opening today. Many colleges, not concerned with pupils under 16 years of age, have been in operation for some days. Sunday schools may run as usual on Sunday. So may everything else. There's some compensation in the new order of things for the small boy in that "everything else." He can go to the movies again.

WISCONSIN ENDEAVORERS

Eau Claire, Wis., Sept. 29.—A large and enthusiastic attendance of young people marked the opening here today of the annual convention of the Northwest Wisconsin Christian Endeavor unions. The sessions, which are being held at the First Presbyterian church, will continue three days, concluding with a public meeting Sunday. Many homes in Eau Claire have been opened for the entertainment of the visiting delegates.

ON THE SCREEN

"MYSTERIES OF CHINATOWN"

The secrets of Chinatown are disclosed in the Bluebird Photoplay, "Broken Fetters," to be the attraction at the Opera House tomorrow with Violet Messereau enacting the role of Mignon, a girl-slave who has been smuggled into America by a Chinatown trafficker in opium and humans. The rescue of this girl is effected by an artist, who has arranged for Mignon to pose for him at his studio. The scenes are laid in both China and America and Rex Ingram, who directed Miss Messereau in the production, has perfected many scenes of Celestial beauty. The Chinatown revelations are pictorially authentic, having been photographed in the famous colony and include exterior and interior scenes of great interest. Thrilling episodes abound, and a series of adventures are introduced in logical sequence to hold the attention gripped in the uncertainty of the final outcome.

STATE COLLEGE OPENS WITH LARGES FRESHMAN CLASS

State College, Pa., Sept. 29.—All departments of the Pennsylvania State College have opened with record-breaking enrollments in every course. More than 700 freshmen have been admitted, with many late arrivals still to be registered. It is expected that the new class will number 800. Eighty-three students are registered as two-year agriculturists, and twenty-eight are listed with the upper classes. Fifty-three new teachers have been added to the faculty, the most prominent being: E. A. Fessenden, formerly of the University of Missouri, who was made professor of mechanical engineering and Dr. E. W. Fletcher, of Cornell University, who heads the department of horticulture.

BANKERS WIND UP ANNUAL CONVENTION

Kansas City, Mo., Sept. 29.—(By United Press)—While the members of the American Bankers' association were winding up their convention with installation of newly elected officers today, their visiting ladies were the guests of the wives and daughters of the Kansas City bankers at scores of luncheons and receptions and in the afternoon were given an automobile tour of the city.

Joseph Hirsch, of Corpus Christi, Tex., was the chief speaker at the session this morning. B. F. Harris of Champaign, Ill., and Oliver J. Sands of Richmond, Va., read committee reports. The executive council will hold a meeting tomorrow morning.

T. R. TO "SKIN 'EM ALIVE"

Battle Creek, Mich., Sept. 29.—If present expectations are realized tomorrow will go on record as a red-letter day in the history of Battle Creek. The occasion will be the initial appearance of Col. Roosevelt to begin his western trip in the interest of the Republican national ticket. Interest in the Colonel's speech has not been lessened by the announcement from Oyster Bay that he intends to "skin 'em alive." Fifty thousand visitors are expected in Battle Creek to hear what the Colonel has to say. Preparations for their entertainment are being made on an elaborate scale. A parade will be staged and there will be a big barbeque at which every visitor will be given his fill of "health food" without charge.

SPECIAL SESSION IN MAINE

Augusta, Me., Sept. 29.—Pursuant to the call of Governor Curtis the members of the Maine Legislature gathered in the capitol today for a special session. The purposes of the session, as set forth in the governor's proclamation, are the adoption of the general revision of the statutes, legislation which will permit the use of so-called lands reserved fund, and the consideration of petitions for altering the harbor line of Portland harbor.

SHE'S A DEAR GIRL WITH SOME APPETITE

Minneapolis, Minn., Sept. 29.—(By United Press)—Minneapolis consumed 6,000,000 dishes of ice cream during the summer, sustaining Minnesota's girlish reputation. Brother Paul, across the river, drank 4,500,000 glasses of beer, in the same time.

SALOON ABOLITION DECREASES CRIME

Winnipeg, Man., Sept. 29.—(By United Press)—During three months of Winnipeg's operation without saloons, drunkenness has been reduced 80 per cent, and all crimes have been reduced 60 per cent, Chief License Inspector McLean reported today.

PUBLICITY COMMITTEE

DOWN AND OUTERS PROVE THEIR METAL

Kansas City, Mo., Sept. 29.—(By United Press)—Men in need are honest. Figures compiled at the Helping Hand institute over a period of five years and revealed today show that nearly all helped tried to repay and that 71 per cent. repaid in full. When an out-of-work, out-of-home man applies to the Helping Fund for aid he is given room and board until he can find a job. In some cases money is given. A very few have made off, scornful "the hand that fed" Others paid back in part and 71 out of every hundred "Paid in Full." Some in their return to good fortune made donations to the hand with which to help along other down and outers.

ATHLETES OFF FOR SWEDEN.

New York, Sept. 29.—With the cheers of many enthusiasts ringing in their ears a quartet of America's star athletes sailed on the steamship Oscar II, today en route for Scandinavia, where they are to compete next month against the selected representatives of Norway, Sweden and Denmark in feats of skill, speed and endurance. The athletes selected to represent the United States should hold their own against the best all-around competitors in the world. The team includes Robert Simpson, of the University of Missouri, Fred Murray of San Francisco, J. G. Leominis of Chicago and Ted Meredith, of Philadelphia. Both Simpson and Murray are holders of world's records.

STATE COLLEGE HAS NEW DAIRY DEPARTMENT HEAD

Professor Fred Rasmussen has been appointed Professor of Dairy Husbandry at the Pennsylvania State College, succeeding Prof. C. W. Larson resigned.

Professor Rasmussen was graduated from the Iowa State College in 1905, with the degree of bachelor of science in agriculture. Following graduation he went to Purdue University as assistant in dairy instruction. While at Purdue Prof. Rasmussen had charge of the college creamery also. In 1908 he returned to his alma mater as assistant professor of dairying and one year later he was called to the New Hampshire State College as professor of dairy husbandry, which position he leaves to take up his new work at the Pennsylvania State College.

Besides his experience with the various institutions with which he has been connected, Professor Rasmussen has traveled largely in Europe where he has made a study of dairying conditions in Denmark, Germany, Bavaria, Switzerland, Holland, Norway and Sweden. During the past few years, also, he has specialized largely on dairy economics, in connection with which work he has issued number of bulletins and pamphlets. During the summer of 1907, Prof. Rasmussen spent four months abroad studying cattle breeding associations as a special representative of the United States Department of Agriculture. The results of this study were later incorporated in bulletin form.

Professor Rasmussen began work at State College September 15.

FIGHTS SCHEDULED FOR TONIGHT

Pal Brown vs Matty McCue, 10 rounds, at Eau Claire, Wis.
Fred Yelle vs Mike Crowley, 10 rounds, at Boston.

BEST FEED FOR DAIRY COWS.

"A great many feeding trials with timothy hay and alfalfa have been made at the different experiment stations in the country," says F. S. Putney, of the dairy husbandry department at the Pennsylvania State College. "As a result of these trials the investigators have placed alfalfa at the head of the roughage for the dairy cow."

Alfalfa can be substituted for part of the concentrates but cannot, of course take the place of all the concentrates. Alfalfa has a laxative effect on dairy cows, while timothy has a constipative effect. Alfalfa is more palatable and the cows will eat more. In the dairy herd at the Pennsylvania State College, cows eating thirty-five pounds of silage per head daily and grain at the rate of one pound for each three pounds of milk, will eat daily from one to two more of alfalfa than of timothy hay.

Results of feeding tests made at State College in the past two years, in which corn silage was fed as part of the roughage, show that the feeding value of alfalfa hay is worth several dollars a ton more than timothy because of its higher value for milk production when fed with a grain ration having the right nutritive ratio.

Our Daily Chat

We try to make each day here as interesting as the day that preceded it and so, like the "moving picture" house whose popularity depends largely upon the frequency with which it changes the reels, we change stocks constantly.

We want no one to be able to say in truth "there's nothing new at Leonardson's" for the self-evident reason that if public interest in this store should fail to be maintained the store will start on the downward path. While value for price never loses its business bringing power, yet that is not all—variety, newness and novelty in stocks are quite as necessary to ensure business progress. We change the "reels" constantly here.

State Produces New Witness In Dennery Case Springing Surprise On The Defendants

Testimony of Walter Swales Proves
Damaging to Dennery---Swales Not
Called In Other Tramp Cases

TRAMP STACY ALSO DAMAGES DEFENSE

The examination of Tom Shade, star witness for the commonwealth in the Dennery murder trial, was concluded shortly after the noon recess yesterday afternoon and he was succeeded on the stand by P. J. Kelly, who was in the rear room of the shack some ten feet distant from the principals when John Rowles was murdered.

Kelly as a witness is almost as important to the commonwealth as Shade, he being the man from whom Shade's money was taken when the murder and robbery occurred. Kelly's testimony is needed to corroborate Shade in part. In Shade's story it will be remembered that he said Rowles came to the shanty the morning of the tragedy in company with Dennery and that Shade requested Rowles to go and get a keg of beer and directed him to get the money from his pocketbook in the bookcase. The pocketbook at that time contained \$30, all of which Rowles took. Kelly later discovered that all the money was gone and when Rowles and Dennery returned with the beer he asked for and Rowles gave him the money, less the price of the keg. He said he placed the money in the watch pocket in his trousers in the presence of Dennery and then stated that following the shooting in the front room the man who did the shooting and whom he identified as the "Big Swede" poked his head into the room and said to Allen, who had him in the corner at the point of a gun, "Frisk the fellow with the cap on, and look in his watch for the coin" or words to that effect.

Mr. Liveright on cross examination went after Kelly pretty hard and mixed him up more or less, pointing out to the witness discrepancies in his testimony now and that given at the coroner's inquest. He forced Kelly to admit that while he believed the man who poked his head in the door to be Dennery, he might have been mistaken.

Mike Brawley, who was in the room with Kelly, was the next witness. He admitted that Shade was drinking and he was not able to identify anybody positively.

Mrs. Ed Shade, whose home adjoined the shanty, was the next witness. She told of seeing three men come to the shanty, open the door and look in some time before the crime and of them returning later. She also saw them running away after the shot was fired.

W. J. Leavy was called and told of having received the police call from Kelly following the tragedy. He got Officer Eadie to the phone and he received the message. Leavy was called for the purpose of fixing the time, which he said was about 7 o'clock.

Officer Eadie was then called and told his story of the affair from the time he went to the shanty in answer to Kelly's call and found the dead man. He said he found Shade on the bed and while he saw that he had been drinking he appeared to be all right and was able to give him the

facts concerning the killing and also told him the crime had been committed by the "Big Swede."

At this point court adjourned for the day. When court convened this morning the first witness was Chief of Police McHenry who was recalled and again testified to the time of the telephone call announcing the occurrence of the crime, search for the murderer immediately thereafter, especially the trip through the Harbison-Walker brick yards. This testimony was again introduced to plug up some holes in the line made by the cross examination of the defense. Special officer, W. J. Leavy was called and gave similar testimony.

The next witness was Walter Swales, night foreman at the Harbison-Walker brick yards. His testimony was a hard blow to the defense and was as unexpected as it was damaging.

Swales testified that he had known Rowles for five years; that he had worked for him as an off-bearer at the yards. He said he also knew Dennery, the "Big Swede" whom he first saw at the yard about January 1st. Rowles introduced Dennery to him as his brother and tried to get him a job, but that he did not hire him. He said Rowles drew \$39 on pay day, January 25, and the following Saturday told the witness that Dennery had slept with him that night and "rolled him" for the money, and had also got a part of his money the previous pay day. The testimony corroborated Tom Shade's story regarding what Rowles had told him and served to strengthen Shade's testimony. Swales said he saw Dennery at the brick yard the night of the killing and located him there about 6:30 o'clock.

On cross examination Mr. Liveright attacked Swales' story about the amount of money Rowles received on the 25th and asked him if he did not know that Rowles' pay on that day was not anything like \$39, but that his wages had been attached for board and he did not have enough coming to pay his board bill. The witness said he was not aware of that fact.

George Stacy, one of the hoboes who was at the hobo camp when the plot to rob Shade's shanty was hatched and who left town with the "Big Swede" immediately following the shooting, was then called. He repeated the story regarding the frame up at the camp and told how Dennery came to the camp about 6:30 and calling Allen and Wilson away talked over the plan to rob the shanty in his hearing, and then all three left the camp to carry out the design already arranged. He had reached this point in his story when the attorneys for the defense asked to have Allen and Wilson brought into court to hear Stacy's testimony for the purpose of contradiction and the court ordered a recess of ten minutes until Keepers King and O'Shell and Deputy Sheriff

CARRANZISTAS IN BATTLE WITH VILLA'S ARMY

Reports Say It is Bloodiest
Engagement Since Start of
the Mexican Hostilities

VILLA REMAINS UNHARMED

El Paso, Sept. 29.—(By United Press)—Carranza soldiers are engaged in attacking the forces of Villa at Pansirapa 50 miles west of Chihuahua City in one of the bloodiest battles since the beginning of the Mexican revolution. According to reports from Carranza leaders to Juarez they indicate that Villa is making sweeping gains with a loss of about 100 men. Representatives from the population at the mining towns through messages state that Villa has taken the town engaging in a fierce battle in which part of the garrison was overcome. Villa himself has not been attacked. Carranza, however, has lost heavily in guns and men.

That Pancho Villa had given serious defeat to the Carranza forces and was still in possession of Pansirapa last night was the report received by agencies at the United States war office here today. Another advice states that the American manager of the mines in Mexico is on his way to Juarez on a gasoline velocipede.

Washington, Sept. 29.—The bodies of thirty Mexican soldiers under the command of Col. Rezel, a Carranza officer was found within two miles of Chihuahua by a detachment of the Eighth Cavalry, General Funston reported to the war department today. Mexicans under General Rezel who were fighting Villista forces left so hurriedly that they left a burro and 10 cans of carbine behind and were taken by the colored troops who were in the Carrizal battle.

MRS. MAPES ENTERTAINS

About twenty-five friends of Mrs. M. V. Mapes jinnayed out to the beautiful Mapes farm on Clover Hill yesterday afternoon and held a corn roast. A delightful afternoon and evening was spent after partaking of the excellent repast. The ladies returned to their homes at twilight voting Mrs. Mapes an excellent hostess.

NOMINATED FOR LEGISLATURE

Harrisburg, Sept. 29.—(By United Press)—M. S. Jack, of Appollo and Sam S. Blyholder of Bethel township were today nominated to the legislature from Armstrong county by the local option party.

Chaplin could get the men from jail to the court room.

At the afternoon session of court when Allen and Wilson, the two convicts, were seated in the court room facing Stacy on the witness stand they paid the most careful attention to every word that dropped from the witness' lips. Several times during the cross examination by Mr. Liveright, Wilson, who is said by the attorneys who defended the two men, to be the brains of the entire outfit of hoboes, leaned over to Allen and discussed quietly with him some point which struck him as the tale was unfolded. In every case Allen shook his head in agreement with what Wilson had said to him.

Stacy told of the conversation between Allen, Wilson and Dennery in which they discussed the matter of going up to the shanty and getting the money. Wilson saying it was as easy to get as blowing their breath on them. He said this conversation occurred at dinner time, but at Allen's suggestion they decided to wait till evening. He said the three men left the camp at about a quarter to 6 o'clock.

Mr. Liveright was putting Stacy through a severe cross examination as the Progress went to press.

Negro Highwaymen Busy at Pittsburgh

Holding up Foreigners who Come
There for Employment

Pittsburgh, Sept. 29.—(By United Press)—Negro highwaymen operating in the vicinity of the Bessemer station on the Baltimore & Ohio railway early today attacked John Kovosky and Carl Kolosky. Kovosky was shot to death when he refused to hand over his money and valuables. Kolosky at once notified the North Braddock police. Kovosky and Kolosky came here on an evening train last night from a town in Virginia to work in the steel mills here. They had alighted from the train and had started to seek lodging when the negroes with drawn revolvers stopped them.

Allege Man Murdered Wife and Fired House

Body Found With Rope Tied Around
Neck After the Fire

Mountainview, N. H., Sept. 29.—(By United Press)—Fred L. Small formerly of Boston was arrested today and is being held in connection with the murder of his wife and of setting fire to his summer residence here. His home which is on the shores of the Ossipee was burned to the ground at 11:00 last night. Mrs. Small's body was found with a rope tied tightly around her neck. It was found partially covered with water in the basement to where it had fallen when the upper floor had given away. It is believed that Small set fire to the house to cover the crime. He was arrested when he alighted from a train coming from Boston today. He was seen alighting from a train from Boston late last night and shortly after his home was on fire.

W. C. Goss Injured By Stepping On Nail

Working on Hunting Camp When He
Met With Injury

W. C. Goss who was superintending the repairs being made at the Pitch Pine camp had the misfortune to tramp on a nail day before yesterday. The nail pierced the sole of his shoe and penetrated the foot to a depth that it required considerable force to remove it.

First aid treatment was given the injury but an infection set in and Mr. Goss was compelled to come to town yesterday for medical treatment, and is housed up with a very sore foot.

SOUTHERN FOOTBALL TO BEGIN

Richmond, Va., Sept. 29.—Southern football history for 1916 will begin tomorrow with nearly all of the prominent college elevens in the field for points and valuable experience. While most of the scheduled contests are of a minor character there are possibilities, nevertheless, of some early season thrills. Vanderbilt will have a tryout with the Southwestern Presbyterian university at Nashville, North Carolina will take on Wake Forest at Chapel Hill, Washington and Lee and Randolph-Macon will come together at Lexington, Alabama will meet Birmingham college at Tuscaloosa, and the North Carolina Aggies will play Roanoke college at Raleigh. More in the nature of practice contests will be the games between Kentucky State and Butler at Lexington, Sewanee, and the Morgan school at Knoxville, and Furman and Clemson at Clemson.

REPRESENTATIVE OF THE C. M. & ST. P. RY. IN TOWN

Bob Fleming of Pittsburgh, representing the passenger department of the old reliable Chicago, Milwaukee & St. Paul railway, was the guest of his friend Councilman James P. Fletcher while in town on business for his company yesterday.

Mr. Fleming is an assistant to old ack Patt, who has represented the Chicago, Milwaukee & St. Paul in this section longer than the memory of the oldest inhabitant runneth, and when asked by friends what had become of the genial old rascal Bob replied that having in mind that old saw about the pitcher going to the well too often, and recognizing that Pratt was bicarbonate also, and might get broke in Clearfield, they were keeping him out of this territory and making the young husky recruits do the lying about the superior advantages of the passenger service on the C. M. & St. P. His explanation went down all right but its dollars to doughnuts the old fellow will be out this way ere long, just to demonstrate that there are exceptions to every rule.

P. R. Crossing at Cameron

EACH NINETEEN YEARS OLD

Lock Haven, Sept. 29.—(By United Press)—Two men were instantly killed and one fatally injured when an automobile in which they were riding collided with a Pennsylvania flyer at Cameron today. The dead are: Harry Callahan, of Driftwood and George Zettler, of Falls Creek. George MacDonald of Driftwood who was injured is in the Lock Haven hospital where it was said he will die.

All three were nineteen years of age and were members of prominent families in Driftwood. They were on their way from Port Allegheny. The car was owned and driven by Zettler. It struck the engine with such force that it was derailed. It was several hours before the wreck crew arrived to clear the track.

Finds Blacksnake Back Of Kitchen Stove

West Front Street Woman has Ter-
rifying Experience

When Mrs. Charles Gardner, of West Front street came down stairs Wednesday morning to light a fire she was astounded to find a four and one half foot black snake lying back of the coal basket. The snake lazily crawled from behind the bucket and in its wanderings appeared to be following Mrs. Gardner around the room. Going to the cellar Mrs. Gardner procured a hoe and with it killed the reptile which had in some unaccountable manner gotten within the confines of the home.

Many Out of Town People Attend Delightful Opera Last Night

"Princess Pat" Makes Great Hit with Clearfield Devo-
tees of Light Musical Comedy.

Music lovers of Clearfield were treated with a real treat in "Princess Pat" which played to a full house last night at the Opera House. An enthusiastic audience greeted the first entrance on the stage and as the performance progressed the applause grew stronger. There were no great outstanding features as are usual in a musical comedy such as a large chorus with their lightning change of costume and no vaudeville acts to attract from the captivating plot and delicious humor of the lines. The chorus could not be said to be a real string but they pleased to a high degree and the delightful humor of "Pat", Barrow, Schmaltz and Si Perkins was exhilarating. "Toto" was

DEAD MAN FOUND NEAR DUBOIS THIS MORNING

Proves to Be Hobo Who Has
Been Around DuBois Se-
veral Days This Week

HAD BEEN CLUBBED TO DEATH

Clearfield county is in for another hobo murder trial according to the report to District Attorney Walsh from the police authorities of DuBois, which report was received when court adjourned for the noon recess and the district attorney came from the room and murder trial of Miles Dennery, the third trial growing out of the hobo attack on Tom Shade's shanty last January and which cost taxpayers of Clearfield county at least \$5,000.

The meagre facts we were able to gather in the DuBois case show that a hobo, who had been around DuBois for a day or two was found dead about 10:30 o'clock this morning on the road leading from DuBois to Newboldsville and just a few rods from the side of the Jefferson county line.

The man had been clubbed to death, his head and face being badly cut up.

Coroner J. I. Pollum was at once notified and is investigating the case this afternoon while Deputy Sheriff Chaplin is also on the ground making a report for the coroner. Sheriff McCloskey and County Detective Jeffries being unable to leave on account of the murder trial on.

U. B. CONFERENCE CONSECRATES MISSIONARIES

Philadelphia, Sept. 29.—The U. B. and Mrs. C. A. Funk of this city, who have completed their studies as prospective missionaries to China, will be consecrated for the work late today during the sessions of the annual convention of the United Brethren Church. Bishop Weekley, president of the convention, will have charge of the service. Mr. and Mrs. Funk expect to sail for the Orient next month.

Preceding the consecration service an address will be made by the Rev. E. S. Hough, of Dayton, O., general secretary of the Foreign Missions Board of the church. Tonight other church officials will speak on church extension work.

CORN CARNIVAL AT CASSOLTON

Cassolton, N. D., Sept. 28.—Many visitors were in town today for the opening of the annual Corn Show of the Cassolton Commercial Club. Fine specimens of corn are on exhibition from many counties of North Dakota. Enormous pumpkins and other farm products also are included in the display this year. The show will continue three days.

Annual Banquet of Youngman Bible Class at Schryver's

Thirty or More Members and Friends Motor to Resort
and Partake of Chicken Dinner.

Last evening the members of Prof. B. C. Youngman's Sunday school class only good fellowship and the forming of new friendships will be the object, teachers of the various Sunday school classes of the Presbyterian church to a general good time and hour of social intercourse. The number of thirty motored out to the beautiful home of Mr. and Mrs. Schryver and partook of a well prepared chicken supper, which was heartily enjoyed. All spent a delightful evening and it goes without saying that the little gathering was a huge success.

It is the purpose of Prof. Youngman and his class to make this an annual affair at which a social time is to be had where no care or worry will

Mr. Youngman's class is one of the most popular in town, numbering among its members some of the brightest Bible students of Clearfield. It is a pleasure indeed to associate with the type of men making up this organization. The rain somewhat

marred the pleasure of the return trip to Clearfield but all will anxiously await the return of the time for the affair next year.

CARRANZA IMPATIENT.

"General" Carranza has grown decidedly impatient at the waste of time which is going on at New London. With considerable reluctance he consented to a conference and then instructed his delegates to discuss nothing but the withdrawal of American troops from Mexican territory, at least until an agreement on that point has been reached. Weeks have passed and no agreement on that point has been reached, and Carranza is strongly disposed to terminate the conference. In an effort to avert this, from a Democratic standpoint, disaster, Eliseo Arredondo, "Ambassador designate" has gone home to talk to the First Chief, having induced Carranza to "recall" him for that purpose. Some of those who have been in close touch with the New London conference maintain that it is rapidly approaching dissolution. The conference is, by the way, to transfer the scene of its labors to Atlantic City as it is believed the great seaside resort will afford more opportunities pleasantly to kill time, and as the United States pays all expenses there is no objection to the move.

JUST FOOLISHNESS.

Once more the anonymous letter writer is busy. This time the letter is so ridiculous that we hate to waste time printing it but the writer implies that we are afraid to print the missive so here goes. We will run from bears and we might take to an alley if someone bigger than ourselves looks dangerous but we fail to see any thing dangerous in this, it is simply foolishness.

Think of it, this man, once a staunch Republican, a believer in the principles of the immortal Lincoln becoming so warped in mind that he forms an opinion against Hughes on account of his personal appearance. Why if women voted and this back slider Republican was a suffragette there would be some way to account for the loss of this Hughes vote but the idea of a full grown man resorting to a man's personal appearance when principles and issues are at stake is more than we can understand.

Since the writer implies that we are afraid to print his letter it naturally follows that there is a little of the Wilson Waltz motion to the writer for he simply signs his letter "An Enemy." Glad he did it in this case for we believe in surpressing names when the printing of them would bring ridicule to the writer.

THE LETTER.

Why do you assail President Wilson in your paper? Of course as a one horse Republican paper it should stick up for that monkey faced Hughes. He is the best thing of a monkey I have ever seen. I am a Republican but am not for Hughes. Hoping you are not afraid to print this in your paper, I am,
Unsincerely yours,
An Enemy.

Today's Geographic Study of
The Great European War Zone

Just above the Hungarian town of Orsova, recently captured by the Roumanians, is the scenically magnificent Kazan Defile of the Danube, described in the following war geography bulletin issued by the National Geographic society:

"Until the Hungarian government, at the instigation of Count Stephen Szechenyi, constructed the famous Szechenyi road in 1894-98, the Kazan Defile of the Danube had been impassable on either bank of the river for all the centuries which stretched between the destruction of Trajan's remarkable roadway, built in 103 A. D., and modern times.

"At Semlin, a few miles above Belgrade, the Danube is more than 1,700 yards wide, with a depth of 40 feet, but at the Kazan Defile its waters are restricted to a width of less than 180 yards, and have a depth in some places of 230 feet. The rapids of the river begin a short distance above the defile and rush over six great ledges of rock.

"Trajan's road, which extended from Orsova to Colimabac, might well have been rated one of the lesser wonders of the ancient world. Traces of the military path, from five to seven feet wide built just above the high water level, are still to be seen on the right or Serbian bank of the river. At points where the Roman engineers encountered the seemingly insuperable obstacle of perpendicular walls of rock, which could not be pierced as blasting powder was unknown, there are visible the holes

bored in the stone from which projected the wooden beams that supported the covered galleries hanging to the face of the cliffs. At the end of the defile the time-worn rocks still bear the famous 'Tabula Trajana' now hardly legible. The inscription is supposed to commemorate Trajan's first campaign against the Dacians.

"On the left or Hungarian bank of the river, high above the Szechenyi road, is a narrow hole in the face of the Sularu mountain, pointed out to tourists as the entrance to Veteran's Cavern, which derives its name from the Leonidas-like Austrian general who with 400 soldiers held at bay a vastly superior Turkish force for three months in 1692. Twenty-six years later it was again held by the Austrians under a Major Stein. The cavern is sufficiently large to garrison 600 men, and there are evidences that it was used during the Roman occupation of this region.

"Scenically the Kazan Defile suggests some of the wildest and most impressive gorges to be found in the Canadian Rockies. Bare rocks from time to time rise suddenly from deep water, while on both sides there is a succession of precipitous hills, some free of vegetation and others clad with forests of beech, walnut and oak. Through this narrow gorge have flowed back and forth for hundreds of years the tides of Christian and Mohammedan civilization. For ages it has been one of the great channels of communication between the west and the east."

IF BACKACHEY OR
KIDNEYS BOTHEREat Less Meat Also take Glass of
Salts Before Eating Breakfast

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jod Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with bicarb. and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it is no longer a source of irritation, thus ending bladder weakness.

Jod Salts is inexpensive, cannot injure; makes a delicious effervescent lime-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jod Salts to folks who believe in over-caring kidney trouble while it is only trouble.

CAROLINA W. C. T. U.

Sumter, S. C., Sept. 28.—Sumter extended a hearty greeting to the many women here today from all over South Carolina to take part in the annual State convention of the Woman's Christian Temperance Union. The visitors will be here through the remainder of the week and elaborate preparations have been made for their entertainment. Daily sessions for the transactions of business of the convention will be held. The annual reports prepared by the several officers of the State organization show that the past year has been one of steady growth, and the outlook for the coming year is very encouraging.

G. O. P. BATTLING
FOR NEW JERSEY

Trenton, N. J., Sept. 28.—The appearance of Charles E. Hughes as a speaker at the Interstate fair here today marks the beginning of a hard fight planned by the Republicans to capture the home State of President Wilson. The Republican leaders are claiming New Jersey for Hughes, but they are going to give decided attention to the State as a battleground, nevertheless. Mr. Hughes will speak in Newark, probably on October 9, and will pay a third visit to the State in the last week of the campaign. In addition to the head of the national ticket some of the former campaigners in the Republican ranks will be sent here as the campaign progresses.

GRANITE STATE REPUBLICANS

Concord, N. H., Sept. 28.—A State convention of New Hampshire Republicans assembled here today to adopt a platform and otherwise prepare for the coming campaign and to listen to addresses by several national party leaders from across the State. The convention was called to order shortly before noon by John H. Bartlett of Portsmouth.

SAYS HOT WATER
WASHES POISONS
FROM THE LIVEREveryone should drink hot water
with phosphate in it,
before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician.

If you get headache, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furrowed tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes all denote liver uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones.

Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of Limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Limestone phosphate does not restrict the diet like calomel, because it can not silitate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver keeping you feeling fit day in and day out.

OFFICERS MAKE THINGS
WARM FOR SLACKERS

London, Sept. 29. — (By United Press)—He's a slippery slacker who escapes the army since the police and military authorities began raiding the movies, night clubs and amusement parks for eligible citizens. Over 300 fight fans paved the air at the ring, a leading swat parlor, when the place was raided for army material. An hour later a good number of them were in khaki. Included in the surprise draft were a half a dozen preliminary boys and a couple of semi-windups fighters who'll have a chance to try their jobs on the Germans this winter.

The ticket lines at the movie houses are the delight of the conscription agents. Every show has its line of patrons waiting for tickets because with the big "iron" pennies it takes a good ticket chopper about two minutes to sell an admission. When the line least suspects difficulty the military authorities sneak up and grab all eligible looking men. Those who can show adequate papers are allowed to go; the others get the long haul to the police station—and khaki.

STANDARD OIL UP

New York, Sept. 28.—(By United Press)—Standard oil stock reached its highest level in history in the early market today following the announcement of the increase in price of Pennsylvania crude oil which has been gaining steadily the last two weeks. The aggregate of the Standard oil subsidiary today was \$2099 the highest in history. Before its dissolution it reached \$690.

CURWENSVILLE NEWS

Messrs. J. Murphy and W. S. Wolf went over to DuBois yesterday and took in the races.

Squire J. A. Dale up to the present date has issued more than forty hunting licenses, and the end is not yet.

A children's party was held at the home of Mr. and Mrs. H. B. Kirk yesterday afternoon, given for their two little sons.

Mrs. William Taylor, wife of Conductor Taylor, went to Lewistown yesterday. She will be absent several days.

It has leaked out through friends of the couple that Miss Alice Gates and Richard Hascomb will be married on October 12th.

Mrs. Alfred Bigler, a former resident of this place for many years, now of Clearfield, was a Curwensville visitor yesterday.

Mrs. H. P. Kirk will entertain a number of her friends at her handsome home, corner Main and Pine streets, this evening.

Mrs. Ed. McKinley and lady, Mr. Orville King, and Miss Olive King went to Clearfield last evening to attend the Entertainment.

Mr. and Mrs. Abe Robinson, and date has issued more than forty hunting licenses this week attending the Jewish New Year Services.

Several Curwensville ladies attended a picnic at the farm of Lewis Bailey, in Pike Township, yesterday. It was a sort of harvest home gathering.

Mrs. Elizabeth Helmbold, who has been spending several months with relatives in town, left yesterday with her two children, for her Pittsburgh home.

The members of the Epworth League and Queen Esther's will hold an entertainment and social in the basement parlors of the M. E. church tonight.

The Central hotel posted a large new sign on the building facing Filbert street north. It bears but two words, "Central Hotel," and is a tasty piece of lettering.

Miss Alice Wise, a daughter of William Wise, who spent the week in DuBois with relatives and acquaintances, returned to her home today, highly pleased with her visit.

Mr. Merritt Caldwell will move from his farm home on Monday to his new home on South Walnut street, and from that time on will be an established citizen of Curwensville.

Miss Wava McNaul, oldest daughter of Mr. and Mrs. A. I. McNaul, left yesterday for Mechanicsburg, Pa., where she will be the house guest of friends for a week, or maybe longer.

Mr. Raymond Young will open a barber shop in one of the rooms of the Sweeney block this afternoon. He is a good and competent tradesman and will no doubt make a success out of the venture.

Miss Ruth Forney, of Newark, O., arrived in Curwensville last evening and will be the guest, for a week, of Miss Attie Caldwell, at the farm home of her parents, Mr. and Mrs. Merritt Caldwell.

Mr. T. B. Cassidy, head fireman at the finishing tannery, is off duty and will take his annual vacation, spending a part of it in Indiana county, where he expects to purchase and bring home with him a valuable bear dog.

The hearts of many youngsters were made glad last evening when they were told they were allowed to enter the moving picture show, after being subject to the infantile paralysis quarantine for almost two months. They sure enjoyed the entertainment.

Is there anything being done toward that "Community Centre"? There has been considerable talk about it, but has there been an actual start made in that direction. Now it the accepted time. Get busy and no doubt all the help necessary to run it will be forthcoming.

Mr. W. B. Ammerman is now the proud possessor of a fine Overland touring car, he having purchased the same from Mr. Warren Kephart, who won it in a recent Progress contest.

Mr. Ammerman is a foreman in the finishing tannery, and from now until the snow flies can amuse himself by pleasure riding to heart's content.

The Sweeney military opening on Tuesday and Wednesday evenings was one of the big events that has

come off in this town for a long time. The large storeroom was jammed with ladies from start to finish, and the stylish headgear on display beat all creation. The men folks gave the place a wide berth, and most of them had important business at the other end of town, knowing full well that the minute they reached home they would be informed as to styles and prices.

Now that Scoutmaster Parkhill is home again the Boy Scouts will be asked to again take up their course of instruction. It is getting a little too cold for much out-door work, but there is much scout work that can be learned and made useful by in-door study and application. A meeting will be held next Tuesday evening at which time no doubt a general winter program will be drafted out. Mr. Parkhill has a great love for all boys, and is interested in seeing them grow up into good and useful men.

Illini Tribe N. 362, I. O. R. M., at a regular meeting held on Wednesday evening, elected the following officers for the ensuing term: Sachem, William Freidline; Senior Sagamore, Fred Leech; Junior Sagamore, Joseph Vesco; Prophet, Floyd D. Barger; C. of W., Joseph T. Bunnell; Trustee, H. T. Smith. The Installation ceremony, of Raising of the Chiefs as it is called in tribe parlance, will take place on Wednesday evening, October 4th, after which refreshments will be served to all Indians who may be present. After the feast a general pow-wow will be held.

Two men presumed to be Mormon preachers, are travelling through this section holding meetings and trying to instruct the people in a new faith. At Pine Grove, we are informed, they met with considerable success and secured a number of followers. If they are of Mormon proclivity and trying to wean people away from the true faith, we say the quicker they are driven out of the community the better it will be for all concerned, but, on the other hand, if they represent the true apostle of Jesus Christ and are trying to do the people good, then we say encourage them in their work all you can.

LONDON ELECTS NEW LORD MAYOR

London, Sept. 29.—Having served for twenty-five years as an alderman, and filled the office of sheriff for one term, Sir William Henry Dunn was to day chosen Lord Mayor of London at the solemn and century-old ceremonies conducted by the Livery Companies of the City of London, convened for the purpose in Common Hall at Guildhall. Sir William will succeed Sir Charles Wakefield, whose term will expire on November 9.

The new Lord Mayor is a man of great wealth and a wide reputation in philanthropic work. He has taken active interest in the problems of the war and besides serving as treasurer of the committee for the relief of Belgian prisoners of war in Germany is an honorary colonel of the First London division transport and supply columns, as well as honorary colonel of the corps of citizens. In 1910 he was elected to parliament. He will be the third Roman Catholic Lord Mayor of London in recent years.

IT IS A SAD, SAD STORY BUT MOVIES ARE NOT TABOO

The melancholy day has come; Small boys are full of woe. No more, they find, the schools are closed, Because of polio.

Harrisburg, Sept. 29.—Today ends vacation. If not today, at any rate next Monday. And that's about as bad as today.

September 29 was the day fixed by State Commissioner of Health Samuel Dixon before which schools might not open. Individual school districts are doing as they will. Some open today in order to "gain a day."

No comprehensive data is available at the State Department of Public Instruction but state officials believe that the majority of schools opening today. Many colleges, not concerned with pupils under 16 years of age, have been in operation for some days.

Sunday schools may run as usual on Sunday. So may everything else. There's some compensation in the new order of things for the small boy in that "everything else." He can go to the movies again.

WISCONSIN ENDEAVORERS

Eau Claire, Wis., Sept. 29.—A large and enthusiastic attendance of young people marked the opening here today of the annual convention of the Northwest Wisconsin Christian Endeavor unions. The sessions, which are being held at the First Presbyterian church, will continue three days, concluding with a public meeting Sunday. Many homes in Eau Claire have been opened for the entertainment of the visiting delegates.

ON THE SCREEN

"MYSTERIES OF CHINATOWN"

The secrets of Chinatown are disclosed in the Bluebird Photoplay, "Broken Fetters," to be the attraction at the Opera House tomorrow with Violet Messereau enacting the role of Mignon, a girl-slave who has been smuggled into America by a Chinatown trafficker in opium and humans. The rescue of this girl is effected by an artist, who has arranged for Mignon to pose for him at his studio. The scenes are laid in both China and America and Rex Ingram, who directed Miss Messereau in the production, has perfected many scenes of Celestial beauty. The Chinatown revelations are pictorially authentic, having been photographed in the famous colony and include exterior and interior scenes of great interest. Thrilling episodes abound, and a series of adventures are introduced in logical sequence to hold the attention gripped in the uncertainty of the final outcome.

STATE COLLEGE OPENS WITH LARGES FRESHMAN CLASS

State College, Pa., Sept. 29.—All departments of the Pennsylvania State College have opened with record-breaking enrollments in every course. More than 700 freshmen have been admitted, with many late arrivals still to be registered. It is expected that the new class will number 800. Eighty-three students are registered as two-year agriculturists, and twenty-eight are listed with the upper classes. Fifty-three new teachers have been added to the faculty, the most prominent being: E. A. Fessenden, formerly of the University of Missouri, who was made professor of mechanical engineering and Dr. E. W. Fletcher, of Cornell University, who heads the department of horticulture.

BANKERS WIND UP ANNUAL CONVENTION

Kansas City, Mo., Sept. 29.—(By United Press)—While the members of the American Bankers' association were winding up their convention with installation of newly elected officers today, their visiting ladies were the guests of the wives and daughters of the Kansas City bankers at scores of luncheons and receptions and in the afternoon were given an automobile tour of the city.

Joseph Hirsch, of Corpus Christi, Tex., was the chief speaker at the session this morning. B. F. Harris of Champaign, Ill., and Oliver J. Sands of Richmond, Va., read committee reports. The executive council will hold a meeting tomorrow morning.

T. R. TO "SKIN 'EM ALIVE"

Battle Creek, Mich., Sept. 29.—If present expectations are realized tomorrow will go on record as a red-letter day in the history of Battle Creek. The occasion will be the initial appearance of Col. Roosevelt to begin his western trip in the interest of the Republican national ticket. Interest in the Colonel's speech has not been lessened by the announcement from Oyster Bay that he intends to "skin 'em alive." Fifty thousand visitors are expected in Battle Creek to hear what the Colonel has to say. Preparations for their entertainment are being made on an elaborate scale. A parade will be staged and there will be a big barbeque at which every visitor will be given his fill of "health food" without charge.

SPECIAL SESSION IN MAINE

Augusta, Me., Sept. 29.—Pursuant to the call of Governor Curtis the members of the Maine Legislature gathered in the capitol today for a special session. The purposes of the session, as set forth in the governor's proclamation, are the adoption of the general revision of the statutes, legislation which will permit the use of so-called lands reserved fund, and the consideration of petitions for altering the harbor line of Portland harbor.

SHE'S A DEAR GIRL WITH SOME APPETITE

Minneapolis, Minn., Sept. 29.—(By United Press)—Minneapolis consumed 6,000,000 dishes of ice cream during the summer, sustaining Minne's girlish reputation. Brother Paul, across the river, drank 4,500,000 glasses of beer, in the same time.

SALOON ABOLITION DECREASES CRIME

Winnipeg, Man., Sept. 29.—(By United Press)—During three months of Winnipeg's operation without saloons, drunkenness has been reduced 80 per cent, and all crimes have been reduced 60 per cent, Chief License Inspector McLean reported today.

DOWN AND OUTERS PROVE THEIR METAL

Kansas City, Mo., Sept. 29.—(By United Press)—Men in need are honest. Figures compiled at the Helping Hand institute over a period of five years and revealed today show that nearly all helped tried to repay and that 71 per cent. repaid in full. When an out-of-work, out-of-home man applies to the Helping Fund for aid he is given room and board until he can find a job. In some cases money is given. A very few have made off, scorning "the hand that fed." Others paid back in part and 71 out of every hundred "Paid in Full." Some in their return to good fortune made donations to the hand with which to help along other down and outers.

ATHLETES OFF FOR SWEDEN.

New York, Sept. 29.—With the cheers of many enthusiasts ringing in their ears a quartet of America's star athletes sailed on the steamship Oscar II, today en route for Scandinavia, where they are to compete next month against the selected representatives of Norway, Sweden and Denmark in feats of skill, speed and endurance. The athletes selected to represent the United States should hold their own against the best all-around competitors in the world. The team includes Robert Simpson, of the University of Missouri, Fred Murray of San Francisco, J. G. Leominis of Chicago and Ted Meredith, of Philadelphia. Both Simpson and Murray are holders of world's records.

STATE COLLEGE HAS NEW DAIRY DEPARTMENT HEAD

Professor Fred Rasmussen has been appointed Professor of Dairy Husbandry at the Pennsylvania State College, succeeding Prof. C. W. Larson resigned.

Professor Rasmussen was graduated from the Iowa State College in 1905, with the degree of bachelor of science in agriculture. Following graduation he went to Purdue University as assistant in dairy instruction. While at Purdue Prof. Rasmussen had charge of the college creamery also. In 1908 he returned to his alma mater as assistant professor of dairying and one year later he was called to the New Hampshire State College as professor of dairy husbandry, which position he leaves to take up his new work at the Pennsylvania State College.

Besides his experience with the various institutions with which he has been connected, Professor Rasmussen has traveled largely in Europe where he has made a study of dairying conditions in Denmark, Germany, Bavaria, Switzerland, Holland, Norway and Sweden. During the past few years, also, he has specialized largely on dairy economics, in connection with which work he has issued number of bulletins and pamphlets. During the summer of 1907, Prof. Rasmussen spent four months abroad studying cattle breeding associations as a special representative of the United States Department of Agriculture. The results of this study were later incorporated in bulletin form.

Professor Rasmussen began work at State College September 15.

FIGHTS SCHEDULED FOR TONIGHT

Pal Brown vs Matty McCue, 10 rounds, at Eau Claire, Wis.
Fred Yelle vs Mike Crowley, 10 rounds, at Boston.

BEST FEED FOR DAIRY COWS.

"A great many feeding trials with timothy hay and alfalfa have been made at the different experiment stations in the country," says F. S. Putney, of the dairy husbandry department at the Pennsylvania State College. "As a result of these trials the investigators have placed alfalfa at the head of the roughage for the dairy cow."

Alfalfa can be substituted for part of the concentrates but cannot, of course take the place of all the concentrates. Alfalfa has a laxative effect on dairy cows, while timothy has a constipative effect. Alfalfa is more palatable and the cows will eat more. In the dairy herd at the Pennsylvania State College, cows eating thirty-five pounds of silage per head daily and grain at the rate of one pound for each three pounds of milk, will eat daily from one to two more of alfalfa than of timothy hay.

Results of feeding tests made at State College in the past two years, in which corn silage was fed as part of the roughage, show that the feeding value of alfalfa hay is worth several dollars a ton more than timothy because of its higher value for milk production when fed with a grain ration having the right nutritive ratio.

Our Daily Chat

We try to make each day here as interesting as the day that preceded it and so, like the "moving picture" house whose popularity depends largely upon the frequency with which it changes the reels, we change stocks constantly.

We want no one to be able to say in truth "there's nothing new at Leonardson's" for the self-evident reason that if public interest in this store should fail to be maintained the store will start on the downward path. While value for price never loses its business bringing power, yet that is not all—variety, newness and novelty in stocks are quite as necessary to ensure business progress. We change the "reels" constantly here.
